Unique concept, new sales opportunities, flexible design appeal!

So easy to use - Just attach base with SmartStrap, fill the planter, flex-it, and snap to the base.

Adaptable - Outdoors or indoors. Enhances trees, poles, columns, posts, fences.

Flexible - Encircles 4" to over 20" wide diameters. Multiple units can be added for larger uprights.

Portable - Take it down, move it, use it again.

Built-in drainage - Excess water channels away from the upright.

Durable - Sturdy construction holds up to year-round use.

Made in USA - Meets high quality standards and provides manufacturing jobs.

Creative landscaping - Quick aesthetics, exciting visual effects for residential or commercial sites.

Environmental - SmartStrap can be re-adjusted to protect tree as it grows. Earth-friendly recycled materials are used in Garden-Aire products and packaging.
